Hon. Commissioner for Patents
Dear Sir/Madam:

In response to the Office action of 09/27/2004, please amend the specification and claims as indicated above in Documents A and B.

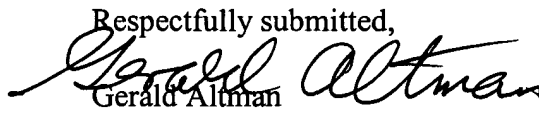

The specification has been amended to incorporate a reference to numeral 66 as required by the Examiner.

The allowance of claims 10 to 20 is appreciatively acknowledged. Rejected claims 1-7 have been cancelled. Allowed claims 15 and 20 have been amended to correct perfunctory imperfections in paragraph lettering.

Claims 8 and 9, which have been indicated to contain allowable subject matter, but which have been objected to as depending upon a rejected base claim, have been amended to incorporate the subject matter of their base claim.

New claim 21 has been amended to scope the invention independently with various details of the allowed claims.

An allowance of claim 21 and passage to issue is respectfully solicited.

Respectfully submitted,

Gerald Altman
